DESCRIPTION

265 Small Wall Lamp by **Paolo Rizzatto** for **Flos**.

Designed by the Milanese designer Paolo Rizzatto for Flos, the 265 Small is a sized-down version of the 265 wall lamp, an iconic design celebrated for its ability to be effortlessly re-positioned to any angle.

The compact light features the same key features as its precursor, an adjustable swing arm, a chrome-plated brass reflector support, and a cast iron tapered counterweight, reduced to smaller proportions.

The light, which seems to defy gravity, has an aesthetic that suits a range of interiors. Its arm can extend to reach 1.5 metres away from the wall, making it ideal for placing in smaller spaces above dining tables, sofas and work desks.
