DESCRIPTION

Flauta Spiga Indoor light by **Patricia Urquiola** for **Flos**.

Patricia Urquiola takes inspiration from the cylindrical shapes of organs and flutes for the Flauta Indoor lights. Long and slender in form, the contemporary light is enhanced by a small, circular deflector, which can be attached to either the lower or upper part of the lamp, allowing you to emanate the light in your preferred direction.

The lamp is available in three sizes, five colourways and two relief textures, allowing the user more options to personalise their space.
