## DESCRIPTION

**Flauta Riga Outdoor light** by **Patricia Urquiola** for **Flos**.

For the Flauta outdoor light by Flos, designer Patricia Urquiola has taken inspiration from the long, cylindrical shapes of organs and flutes to create a contemporary light designed for outdoor spaces. The light is accompanied by a small, circular deflector, which can be placed at either end of the lamp, allowing you to emanate the light in your preferred direction.

The Flauta Riga Outdoor light embodies an effortlessly modern look, characterised by the linear etchings on its surface. It is also available with a sophisticated Herringbone design, which can be discovered below under the product range as the 'Flauta Spiga Outdoor light, 2020'.
