

Clara Wall/Ceiling Light, 2014

Designer: **Piero Lissoni**

Manufacturer: **Flos**

£725

DESCRIPTION

Clara wall/ceiling light by **Piero Lissoni** for **Flos**.

Clara is a simple and elegant light for walls or ceilings, suitable for providing strong and diffuse lighting. An opal white diffuser lends a purity to the light's rounded and perfectly proportioned form, while its special LED distribution ensures illumination that is even, glare-free and comfortably bright.

Light source (included): TOP LED 44W.

DIMENSIONS

60dia x 5cmd

MATERIALS

Diffuser made from high-efficiency injection-moulded opal polycarbonate with a wall/ceiling fitting in injection-moulded polycarbonate.

The dimmable LED light source is powered directly by mains voltage, without the need for a power/supply transformer.

A ring structure made of polycarbonate with a mirror gloss finish is available in four different finishes: transparent, black, chrome or copper. This can be fixed to encircle the diffuser and perfectly frame it, matching the environment as required.

IP20.
