

Belt Suspension Light, 2020

Designer: **Ronan and Erwan Bouroullec**

Manufacturer: **Flos**

~~Was £3,720~~ Now £3,162

DESCRIPTION

Belt suspension light by **Ronan and Erwan Bouroullec** for **Flos**.

The Belt light marries leather with LED lighting to bring a suspended, sinuous installation that explores the balance between softness and rigidity. An unlikely but harmonious combination, the light is controlled by leather straps, with some supporting the weight, others carrying electricity and the rest containing light.

Whether displayed in the hallway or hung over your dining table, the Belt light is guaranteed to add a contemporary feel to any space.

DIMENSIONS

The range offers six different lengths so the composition of the lighting can be changed according to your desired requirements. This includes:

Two profiles measuring: 300cm and 200cm

Four straps measuring: 400cm, 300cm, 200cm and 100cm

MATERIALS

Extruded aluminium, covered with natural leather.

Available in three colourways: natural leather, black leather or green leather.

Light source (integrated): 55.5w 1830lm 2700K CRI95.

IP20.
