

## Angle Hook

Designer: **Herman Studio**

Manufacturer: **Form and Refine**

£24

## DESCRIPTION

**Angle Hook** by **Herman Studio** for **Form & Refine**.

Designed by Danish architect duo Helle Herman Mortensen and Jonas Herman Pedersen, the Angle hooks are a versatile accessory that can be a wall hook or draw handle. Each piece is made from a single piece of solid brass or stainless steel and finished with a fine-gridded surface, which keeps clothes and towels from slipping off.

Add a functional and tactile detail to any room with these exquisitely crafted metal knobs.

## DIMENSIONS

Small: 2dia x 2.8cmd

Large: 3dia x 3.5cmd

## MATERIALS

Crafted from a single piece of lathe turned solid brass or stainless steel with water based matt lacquer.

Will patina over time to a darker finish or can polish to maintain shine.

Includes socket button screw, wall plug and T-nut screw.
