

Lightweight Stool

Designer: **Herman Studio**

Manufacturer: **Form and Refine**

£459

DESCRIPTION

Lightweight Stool by **Herman Studio** for **Form & Refine**.

Paying tribute to classic carpentry traditions, the Lightweight Stool offers versatility as extra seating or a functional side table. Despite its weightless feel, this stool delivers strength and stability due to its high-quality construction.

The meticulously crafted stool is assembled using half-lap joints and solid wooden slats without any screws, resulting in a visually and physically lightweight design.

DIMENSIONS

40w x 29.5d x 45cmh

MATERIALS

The Lightweight stool is crafted from solid FSC certified European oak in three finishes: natural oiled, white oiled or black stained.

It is constructed using only wooden joints.

Packaged in 100% recycled paper.

Suitable for residential and contract use.
