DESCRIPTION

Leaf Shelf by **Jonas Lutz** for **Form & Refine**.

The Leaf shelf was born out of Jonas Lutz's desire to create a shelving system that combined aesthetics, stability, and packability while offering various sizes to fit diverse spaces.

The system exudes an organic and minimalist appearance, with the leg pillars, inspired by the shape of a leaf, serving as the focal point.

The unit is constructed without visible screws or additional stabilising components underneath the shelf, providing it with a clean and seamless look.
