

Rivet Box Table

Designer: **Jonas Trampedach**

Manufacturer: **Frama**

£880

DESCRIPTION

Rivet Box Table by **Jonas Trampedach** for **FRAMA**.

The Rivet Box Table is a versatile furniture piece that can be used in various ways, including as a side table, storage unit, or pedestal. This minimal and timeless design comes in two finishes, making it a perfect fit for any interior.

The 2014 aluminium Rivet Box Table has a distinctive manufacturing technique that connects laser-cut raw metal sheets with rivets. Designer Jonas Trampedach developed the process in 2011, and each piece is individually hand-hammered, giving it a unique touch. Over time, the unfinished surface will acquire a beautiful patina, enhancing its inherent appeal.

In 2023, the design was reimagined in durable Italian glass. This updated version maintains the original design and technique of the aluminium table while offering a fresh, airy feel in any space.

DIMENSIONS

32.8w x 33.8d x 48.1cmh

Aluminium table weight capacity: 15kg

Glass table weight capacity: 8kg

MATERIALS

Made from untreated aluminium or tempered Italian glass connected through UV-bonding.

Aluminium table suitable for outdoor use and will not rust or deteriorate.

To clean aluminium, wipe with a soft damp cloth and then dry to prevent streaks and scratches. Avoid using chemical cleaner. If placing wet items on the surface, marks will appear.

To clean glass, use water and mild dish soap, avoiding abrasives, ammonia, or bleach. Rinse and dry immediately to prevent water spots. Avoid exposing the glass to extreme temperature changes. Use coasters or trivets to protect the surface from scratches.
