DESCRIPTION

Frame Semi Cabinet by **Anya Sebton & Eva Lilja Lowenheim** for **Asplund**.

Over a decade ago, the Frame series was created with the aim of producing a minimalist furniture range in neutral colours using natural materials with exceptional attention to detail and perfect proportions. These pieces are timeless and elegant, enduring the test of time.

The Frame Semi Cabinet is a practical storage unit with a unique and asymmetrical design. The larger door is covered, while the smaller door is made of glass, allowing for display on one side and discreet storage on the other. The contemporary design combines simplicity and functionality.

This cabinet has two glass shelves on the glass door side and two lacquered MDF shelves on the left-hand side, providing ample space to store your belongings.

DIMENSIONS

90w x 40d x 43/170cmh

Door thickness: 2.2cm

MATERIALS

A half-covered glass cabinet in lacquered MDF with a lacquered metal stand. Available in char grey, dark sand, deep blue, green khaki, nordic blue, storm grey, taupe, and white.

2 lacquered shelves on the left-hand covered side, 2 glass shelves on the right-hand glass side. Handles in twined natural, cognac, dark brown, or black leather.

Please note, due to functionality and durability, hinges on the covered door and glass door are not the same.

Adjustable hinges in stainless steel.

For years, Asplund have been researching the possibilities of a more sustainable water-based lacquer that maintains the durability of an acid-based lacquer.

The Frame series is one of the first ranges that is coated in the new generation of water-based lacquers which has great viscosity, adhesiveness, durability, lightfastness, stain retardant for coffee, alcohol and fats.
