

Plan Barstool

Designer: **Barber Osgerby**

Manufacturer: **Fredericia**

£636

DESCRIPTION

Plan Barstool by **Barber Osgerby** for **Fredericia**.

Introducing the 2023 addition to Fredericia Plan Collection: the Barstool. This full-scale series is designed to enhance modern workspaces, living areas, and dining environments. Despite its compact size, the Plan Barstool offers exceptional comfort, making it ideal for various applications. Whether it's fostering collaboration in office spaces or providing an upscale dining experience in restaurants and bars, this versatile barstool delivers.

Crafted with a sturdy steel frame and a plywood veneer seat and back, all finished with eco-friendly water-based lacquer. Choose from three distinct powder-coated finishes for the frame, and enjoy the convenience of either plastic or felt glides for smooth movement. The Plan Barstool is also available in two different heights.

Not only are the Plan Collection sturdy and tested for extreme public use but they are also designed with end-of-use disassembly in mind, making them easy to repair or refurbish if needed.
