

Søborg Steel Base Chair, Upholstered Seat

Designer: **Børge Mogensen**

Manufacturer: **Fredericia**

£769

DESCRIPTION

Søborg steel base chair, upholstered seat by **Børge Mogensen** for **Fredericia**.

The Søborg chair was designed by Børge Mogensen in 1950 as a functional and elegant plywood shell chair that could be efficiently produced using contemporary machining technology.

In 1952 Mogensen adapted his design to include a steel frame option, bringing his characteristic finesse and craft to a material he did not commonly employ.

The Søborg chair is also available with an upholstered seat, or upholstered seat and back. Fabric sample images can be viewed by following the links to the fabric manufacturer's website in the 'Materials' section. Sample fabric can be viewed at our showroom and shop.

Optional felt glides are available. Also available with wooden frame [here](#).

DIMENSIONS

51w x 50.5d x 48.5/79.5cmh

MATERIALS

Available with a steel frame in black or chrome, and seat and back in lacquered oak, oiled oak, black lacquered oak, or lacquered walnut.

All wood from Fredericia comes from responsibly managed FSC forests, where no more trees are felled than the forest can reproduce naturally.

Upholstered in a range of fabrics and leathers.

All Fredericia leather comes from well-known, certified sources, where professionals are trained to respect animals.

Please see the product downloads section to view available upholsteries.
