

Piloti Table

Designer: **Hugo Passos**

Manufacturer: **Fredericia**

£407

DESCRIPTION

Piloti table by **Hugo Passos** for **Fredericia**.

Piloti is a streamlined and elegant family of solid oak side tables. The subtle detailing of the design creates an impression of lightness, paring the table back to its simplest elements, while the use of solid oak as a material ensures robust stability.

"My intention was to create a table collection that, at first glance, looks extremely simple," says designer Hugo Passos. "The image of a single line, floating above four legs soon became the goal."

Piloti tables are available in four different sizes. Sizes small to large are also available in two heights, allowing tables to be combined as a nest.

This versatile family of tables suits a broad range of uses and settings. Ideal for use as a side table, sofa table or bedside table, they are also robust and durable enough to suit contract use in hotel lobbies or offices.

Table legs unscrew to aid storage and transport, and the design ensures that tables are easy to assemble.

DIMENSIONS

Small 39w x 31d x 35/41cmh

Medium 46.5w x 39d x 35/41cmh

Extra large 120w x 39d x 35/41cmh

MATERIALS

Available in solid oak in the following finishes: oiled, soaped, smoked oiled, and black lacquered.

Clear lacquered and white oiled finishes available with an upcharge.

All wood from Fredericia comes from responsibly managed FSC forests, where no more trees are felled than the forest can reproduce naturally.
