DESCRIPTION

Islets Dining Table by **Maria Bruun** for **Fredericia**.

The Islets Dining Table designed by Maria Bruun has a distinct sense of equilibrium. A slim, round table top is juxtaposed by solid cylindrical oak legs - creating a strong yet simple sculptural form.

The series of Islets tables has a strong identity that reflects the sculptural minimalism of designer Maria Bruun, who seeks to find a balance between a light feeling in the expression and pieces with a strong and assertive presence.

Crafted in solid oak, the table is finished with a natural light oil that allows the natural beauty of the oak to shine through.
