

## Pon Table

Designer: **Jasper Morrison**

Manufacturer: **Fredericia**

£699

## DESCRIPTION

**Pon table** by **Jasper Morrison** for **Fredericia**.

The Pon family of tables are Jasper Morrison's alternative to what he describes as "the overrated and badly named coffee table". This modestly sized and easily moved table can be placed wherever it is needed most and is robust enough to serve as a stool.

Pon is designed to present as a unified whole, with top, column and foot of the table integrated into a single form. This combines with the wood to lend the table a satisfyingly sculptural form.

Pon's stability and solidity make it ideally suited to contract use and ensures that it will sit harmoniously in a variety of domestic settings.

Available in four different sizes, which can be used separately or combined to striking effect.

## DIMENSIONS

Small 35dia x 36cmh  
Medium 40dia x 41cmh  
Large 45dia x 46cmh  
Extra large 90dia x 38cmh

## MATERIALS

Made of solid oak and available in the following finishes: oak soaped, oak oiled, oak light oiled, smoked oak oiled, lacquered oak and black lacquered oak.

All wood from Fredericia comes from responsibly managed FSC forests, where no more trees are felled than the forest can reproduce naturally.
