

Spine Petit Lounge Chair

Designer: **Space Copenhagen**

Manufacturer: **Fredericia**

£2,243

DESCRIPTION

Spine Petit Lounge Chair by **Space Copenhagen** for **Fredericia**.

In recent years, a number of dazzling Copenhagen restaurants has put Nordic cuisine on the gastronomic world map. Yet our gratitude to these metropolitan restaurants has nothing to do with food.

In connection with a number of interior design assignments for Michelin restaurants in Copenhagen, Space Copenhagen developed what eventually became the Spine series. Their first creation was a lounge chair, soon followed by a dining chair, dining table, bar stool, lounge sofa, and two coffee tables.

In line with several of these successful restaurants, Spine is anchored in Nordic tradition, but with an innovative, personal twist. The simple lines are classically Scandinavian, while the unorthodox details give the furniture a striking new expression. Despite the contrasting elements, the top and bottom still merge into an entity that is quite unique.

Space Copenhagen has indulged in quality materials that are handcrafted and give the series an authority that is striking and tangible.

The **Spine Petit Lounge Chair** is smaller than its sister model, the Spine Lounge Chair. As well as working well alongside the Spine lounge chair and sofa, its reduced width and depth make it suitable for smaller spaces as a side chair.

DIMENSIONS

65w x 70d x 41/69cmh

MATERIALS

Available in black lacquered ash, standard lacquered oak or smoked oak stained lacquered.

All wood from Fredericia comes from responsibly managed FSC forests, where no more trees are felled than the forest can reproduce naturally.
