

Ant Chair, 4 Legs, Front Upholstered

Designer: **Arne Jacobsen**

Manufacturer: **Fritz Hansen**

£519

DESCRIPTION

3101 Ant Chair, 4 Legs, Front Upholstered by Arne Jacobsen for Fritz Hansen.

The Ant™ chair is a visually stunning piece, reminiscent of the elegant curves found in musical instruments. Originally designed by the renowned Arne Jacobsen in 1952, this chair is skillfully crafted from nine layers of pressure moulded veneer. Its graceful form cleverly conceals its exceptional durability and comfort.

Drawing inspiration from traditional Danish farmhouses, the Ant chair pays homage to the simplicity and stability of agricultural stools designed to adapt to uneven floors. Jacobsen's visionary understanding of the innate strength of raw materials is perfectly showcased in this chair, consisting of just two components: a form-pressed plywood seat and backrest combination, and a sturdy tubular steel frame.

To enhance the seating experience, choose from an extensive selection of fabrics and luxurious leather upholstery. The chair's shell is thoughtfully padded with polyurethane (PUR) foam, ensuring optimal comfort. Water-soluble glue is utilized for seamless bonding of the upholstery to the foam and the foam to the shell."

DIMENSIONS

52w x 48d x 46/81cmh

MATERIALS

Shell:

The shell is made of laminated, pressure moulded veneer - 9 layers in total. The 2 outer layers are made in veneer of different wood types, the 7 inner layers are made of beech. The veneer layers are glued together with water-based urea-formaldehyde glue. Un-upholstered chairs are coated with polyurethane lacquer, which prevents the emission of formaldehyde.

The seat shell comes in natural veneer (10 clear lacquered wood types), coloured ash (with wood grain visible) or fully lacquered (where the wood grain is not visible).

Upholstery:

The shell is padded with polyurethane (PUR) foam. A water-soluble glue is used for bonding of upholstery to the foam and foam to the shell.

Base:

The base is made of chromed steel. Please enquire for powder coated steel base option.

The lounge chair is available with upholstery in the following group:

Category 0: Christianshavn

Category 1: Belfast, Canvas, Capture, Diablo, Fame, Remix, Tonus

Category 2: Divina, Divina Melange, Divina MD, Fiord, Hallingdal, Re-wool, Steelcut, Steelcut Trio, Sunniva, Vanir, Vidar
