Messina Umbrella

Manufacturer: **Fritz Hansen**

£349.17

DESCRIPTION

Messina Umbrella by **Fritz Hansen**.

Create shade and cover in outdoor seating arrangements. Messina combines a white shade with meranti wood frame and is Teflon coated helping it to repel water and dirt. The umbrella material has the highest UV protection rating achievable for fabric as well as being treated to withstand water and dirt.

Kapur wood, a sustainable choice, is chosen for its strong and durable qualities. Available in various different sizes. The optional choice of umbrella foot is available as a functional stabiliser for the parasol.

DIMENSIONS

Round:
210/270/300cm dia

Square:
270 x 270cm
300 x 300cm

MATERIALS

Umbrella made with oiled FSC Kapur. A wood frame with a Teflon coating.

UV protection: UPF50+, the maximum achievable for textiles.

Umbrella foot is a functional luxury in steel and concrete. In a conoid shape which allows rain to drain off easily.

Please note, the 210 (round) and 270 (round) comes with an optional 30kg foot. The 270 (square and round) and 300 (square and round) size umbrellas come with an optional 50kg foot.
