

Messina Parasol

Manufacturer: **Fritz Hansen**

£419

DESCRIPTION

Messina Parasol by Fritz Hansen.

Create shade and cover in outdoor seating arrangements. Messina combines a white shade with meranti wood frame and is Teflon coated helping it to repel water and dirt. The umbrella material has the highest UV protection rating achievable for fabric as well as being treated to withstand water and dirt.

Kapur, a sustainable choice, is chosen for its strong and durable qualities. Available in three different sizes. The optional choice of umbrella foot is available as a functional stabiliser for the parasol.

DIMENSIONS

210: 210 x 220cmh

270: 270dia x 270cmh

270 Square: 270w x 270cmh

300 Square: 300w x 300cmh

MATERIALS

Parasol made with oiled FSC Kapur. A wood frame with a Teflon coating.

UV protection: UPF50+, the maximum achievable for textiles.

Umbrella foot is a functional luxury in steel and concrete. In a conoid shape which allows rain to drain off easily.

Please note, 30kg foot is only compatible with 210 (round) and 270 (round). The 50kg is compatible with 270 (square), 300 (square) and 300 (round) size umbrellas.

Only the 270 (round) is available with stripes in dark blue and in golden yellow.
