

## Skagen Bench

Designer: **Mogens Holmriis**

£849.17

### DESCRIPTION

**Skagen Bench** by **Mogens Holmriis** for **Fritz Hansen**.

Introducing the Skagen Bench - a timeless piece of furniture that exudes both solidity and elegance. Inspired by the northern tip of Denmark, Skagen boasts a design reminiscent of the late 19th century, a period when many renowned painters and writers frequented the region. The iconic cross-back feature of the Skagen Bench ensures excellent longevity, allowing it to slowly change colour over time, adding to its charm and character. Invest in the Skagen Bench and enjoy a touch of history and class in your outdoor space.

The bench is made from FSC-certified teak bench sourced from Central America, Brazil, and Indonesia. This heavy and sturdy wood type is highly resistant to the elements thanks to its high content of natural oils, making it a perfect choice for your outdoor furniture needs.

Upgrade your Skagen bench with the Skagen Cushions that offer optimal comfort and durability. These cushions feature two strings for easy tying to the bench. Made with Oeko-Tex certified upholstery, they are highly resistant to colour fading, water, dirt, and mildew. The cushions are filled with cold foam for firm and comfortable support. The cushions meet FR regulations and are approved for UK markets, ensuring top quality and safety.

### DIMENSIONS

Bench: 150w x 59d x 44/88cmh

Cushion: 150w x 43d x 4cmh

## MATERIALS

Available in FSC certified 100% natural teak.

Cleaning and maintenance:

To keep your teak furniture looking its best, clean it regularly with a wood cleaner and a soft bristle brush, and rinse it with water. To maintain its original honey-golden hue, apply a furniture oil on a regular basis. Alternatively, let it patinate naturally and turn into a beautiful silvery grey over time.

Winter storage:

No need to worry about storing your teak furniture during the winter, as it can withstand all kinds of weather throughout the year. However, if possible, it's recommended to keep it in an unheated room during the winter months.

Indoor use:

Teak wood furniture is also suitable for indoor use. Please remember to retighten the screws every once in a while to keep it stable and secure.
