

## Pelagus Chair, 2021

Designer:**Note Design Studio**

Manufacturer:**Fritz Hansen**

£719

### DESCRIPTION

**Pelagus Chair by Note Design Studio for Fritz Hansen.**

When the collaborative team of architects and designers at Note Design Studio were seeking inspiration for their Fritz Hansen Pelagus collection, they had to look no further than the nearest pier in Stockholm to set the mood for the range. Versatile, spontaneous, and laidback, Note Design Studio intended for the furniture to be ready for action - and more importantly - inaction.

Evoking the archipelago of their home, the name 'Pelagus' also alludes to the ancient Greek word to meaning deep blue sea. The collection has been designed to suit lifestyles as diverse as those in the Stockholm archipelago - both cosmopolitan and urban, whilst also low-key and grounded in nature.

The Pelagus chair brings comfort to outdoor living. Featuring a teak backrest and seat with a powder-coated aluminium frame, the sturdy chair offers flexibility as it can be stacked.

Pair it with a matching daybed, table, armchair or sunbed from the Pelagus collection from Fritz Hansen to create the perfect outdoor setup.

## DIMENSIONS

Chair: 52w x 50d x 45/77.5cmh
