

## Fronda table

Designer: **Sam Hecht and Kim Colin**

Manufacturer: **Mattiazzi**

£3,015

## DESCRIPTION

**Fronda table** by **Sam Hecht + Kim Colin** for **Mattiazzi**.

The Fronda table has been designed for modern living and working. Available with and without integrated power outlets and in two sizes, this table can be used as a desk or a dining table. Fronda's elegant profile makes it a great choice for home working and works beautifully in multiples for workspaces.

*"We wanted to avoid the strange leap that occurs when a graceful table needs to accommodate power – they all appear so technical. Instead, Fronda tables maintain a visual simplicity and quietly give another dimension of performance."* - Kim Colin

When selected with a power outlet the Fronda table is supplied with a cable management cutout. This gives easy access to power sources and hidden storage of cabling through the leg.

## DIMENSIONS

Small: 200w x 90d x 72.5cmh

Large: 240w x 90d x 72.5cmh
