

Large London Map

Designer: **Marcus Kirby**

Manufacturer: **Future Mapping Co**

£254

DESCRIPTION

Large London Wall Map by **Marcus Kirby** for **Future Mapping Co.**

London has it all. From Pop Art to world-class architects, Shakespeare to the West End, Roman remains to the Olympic stadium. Our large London City Map with Cycle Routes is fast becoming a design classic and shows off every detail of this ancient metropolis in a new light.

The Thames shimmers in watery slate-blue, parks pop out with gentle apple or bold forest greens. Five categories of cycle routes are prioritised in eye-catching orange and yellow or aqua and lime. Famous landmarks such as St Paul's Cathedral, The Shard and the London Eye are illustrated in miniature to help you get your bearings. Whether you're a single-speeder or a Boris-biker, a determined walker or just pining after your next trip back, this large wall map of London will help you plan your best routes around the big smoke.

DIMENSIONS

130w x 100cmh

MATERIALS

Printed on to the highest quality FSC approved silk-coated paper using the lithographic printing process. (This works like a mechanised version of traditional screen printing.) A plate is made for each colour and then laid down individually, creating a stunning print with maximum definition and impact. A sealer is applied to protect the inks and gloss UV varnish used to add contrast and highlight boundaries.

Available in a matt white or silver coloured aluminium frame ready to display on a wall. (Please note there is no glass covering).

Colourway:

Forest - Orange - Pewter

Scale:

1:30,000 (approximately)
