

## Guna Charpoy

Designer: **Chiara Andreatti**

Manufacturer: **Gervasoni**

£3,480

### DESCRIPTION

**Guna Charpoy** by **Chiara Andreatti** for **Gervasoni**.

Introducing the Guna range, an extraordinary collection of outdoor furniture designed by Chiara Andreatti in 2022. This exceptional ensemble comprises carpets, charpoy, cushions, and coffee tables, all infused with a captivating multi-ethnic flair.

The term "Guna," borrowed from Sanskrit, embodies the concept of "energy that envelops all things". This profound name perfectly captures the essence of the collection—a harmonious interweaving of yarns, stitches, and textures, drawing inspiration from diverse cultures and fostering meaningful connections.

Part of the collection is the Guna Charpoy. Chiara Andreatti presents a modern take on the classic Indian bed with her reinterpretation of the charpoy. Crafted with Iroko wood, treated for outdoor durability, the bed features a low and spacious design. Nautical ropes in natural, red, and blue hues are meticulously handwoven into the structure, adding a touch of maritime charm. Notably, the legs showcase a unique flared design, providing a distinctive touch to the piece and serving as the base for the comfortable seat cushions. The charpoy is available in two sizes, 195x95 and 120x100, offering flexibility in arranging your space.

## DIMENSIONS

Guna 01: 195w x 95d x 30/42cmh

Guna 02: 120w x 100w x 42/54cmh
