

Brise Outdoor, Tube Base

Designer: **Federica Biasi**

Manufacturer: **Gervasoni**

£781

DESCRIPTION

Brise Outdoor, Tube Base by **Federica Biasi** for **Gervasoni**.

Introducing Brise – a collection inspired by the French word for 'breeze,' designed to whisk us away to those delightful moments when a gentle gust of wind relieves the summer's heat, allowing us to cherish tranquil moments outdoors. This vibrant series serves as the perfect companion for joyous and carefree occasions, emanating an aura of elegance and liveliness. Drawing inspiration from the captivating Art Nouveau era, with its ornate floral motifs and decorative lines paying homage to nature, Brise fosters a harmonious connection with the great outdoors.

The Brise coffee table collection showcases charming round tables featuring tubular stainless steel bases and portable tops crafted from Millgres ceramic, offering a wide range of sizes and heights to suit various preferences. The dynamic palette of colours infuses the collection with energy, including vivid red and creamy white tones, along with a refreshing and cool shade of blue.
