### DESCRIPTION

**Como Mirror - Three Panel** by Barber Osgerby for **Glas Italia**.

Designed by Barber Osgerby for Glass Italia, Como is a multi-panel mirror, ideal for viewing your reflection from various angles.

It features three panels connected via pin hinges integrated into the frames. The central panel is fixed to the wall whilst the side panels pivot, allowing them to be partially or entirely opened.

The frame, which features rounded inner corners, is available in four finishes; untreated brass, dark brown, bamboo green and lacquered brass, and is well suited to a range of interior settings.

It comes in two sizes; a smaller size ideal for use in bathrooms or above a dressing table and a larger, full-length size suited as a dressing mirror.

**Please note:** due to the great fragility of this design we are able to ship it within the UK only.
