

Gobi Planter

Manufacturer: **Gandia Blasco**

£145.83

DESCRIPTION

Gobi Planter by Gandia Blasco.

The Gobi planter collection has been inspired by the landscape of desert dunes. The round pots have been specially designed for use both indoors and outdoor spaces. They are made from 100% recyclable polyethylene.

Each of the five designs has a distinct personality and each is suited to specific plants. Gobi 1 is a great option for plants with long leaves, such as mother-in-law's tongue, but also for shrubs like box or for aromatic plants much like Gobi 2. Gobi 2 is also suitable for large cacti.

Gobi 3 is ideal for plants with large leaves, such as Swiss cheese plants, but is also great for succulents and aromatic plants. Gobi 4 is great for creating a small flower bed or for aromatic plants.

Gobi 5 as the longest of the collections is perfect for creating a small composition, mixing various types of plants such as aromatics and fresh herbs.

DIMENSIONS

Gobi 1: 43dia x 43cmh
Gobi 2: 60dia x 105cmh
Gobi 3: 80dia x 43cmh
Gobi 4: 100dia x 30cmh
Gobi 5: 100w x 43d x 43cmh

MATERIALS

Plant pot made of rotation moulded 100% recyclable polyethylene.
