

Grid Corner sofa

Designer: **Ronan and Erwan Bouroullec**

Manufacturer: **Established and Sons**

£11,472

DESCRIPTION

Grid Corner sofa by **Ronan & Erwan Bouroullec** for **Established + Sons**.

The Grid system is a colourful base for modular seating, tables and screens. The considered range is put together using contrasting materials with a contemporary design, created by two very prominent designers.

The Grid system can be adjusted in various ways to create a multifunctional space for lobbies, workspaces or meeting areas. The corner sofa module features an enclosure of tall side panels. This feature gives the option of using the sofa as a tall space divider or just as seating.

Please note: Pricing is for configuration unit 1, includes two upholstered seats and does not include the cushions or the table.

More configurations are available, please **enquire** for details or discover the possibility of the Grid collection by using the configurator **here**.
