

Grid Straight sofa

Designer: **Ronan and Erwan Bouroullec**

Manufacturer: **Established and Sons**

£6,468

DESCRIPTION

Grid Straight sofa by Ronan & Erwan Bouroullec for Established + Sons.

The Grid system is a colourful base for modular seating, tables and screens. The considered range is put together using contrasting materials with a contemporary design, created by two very prominent designers.

The Grid system can be adjusted in various ways to create a multifunctional space for lobbies, workspaces or meeting areas. The straight sofa module features an enclosure of tall side panels. This feature gives the option of using the sofa as a tall space divider.

Please note: Pricing is for configuration unit 3 in the metal grid, includes the upholstered seat and does not include the cushions.

More configurations are available, please **enquire** for details or discover the possibility of the Grid collection by using the configurator **here**.

DIMENSIONS

Tall - 248.6L x 80d x 41/160cmh
