

IOI Side Table

Designer: **GamFratesi**

Manufacturer: **Gubi**

£699

DESCRIPTION

IOI Side Table by **GamFratesi** for **Gubi**.

The IOI Side Table designed by GamFratesi illustrates the studio's fascination with the interplay of form and space. The exploration of empty space is prominent in the table base, featuring the collection's characteristic 'sticks and sphere' motif from which it takes its name: I-O-I.

The light base is available in classic black or chrome and is balanced by a heavy travertine top. The neutral colour palette allows the unique materiality of the travertine to be admired. Display individually or in an artful cluster of varied heights and sizes.

DIMENSIONS

50dia x 50cmh

Table top: 2cm thick

MATERIALS

Base in chrome or black powder coated steel, both with brass sphere.

Top in Rippled Beige travertine.
