DESCRIPTION

Vanity Wall Mirrors by **GamFratesi** for **Gubi**.

Presenting a modern interpretation of the 18th-century vanity-table mirror, the Vanity Mirror Collection stands as GamFratesi's second wall-mounted mirror series for GUBI. This collection features three variations – each with one, two, and three mirror panels, respectively.

Characterised by warm walnut veneer and brass hinges, these mirrors offer adjustable angles, influencing perspectives and light dynamics within a space. The single-panel Vanity Mirror 1 allows a 15-degree rotation, while Vanity Mirror 2 and Vanity Mirror 3 boast 180-degree hinges, enabling panels to fold flat, concealing the mirror when not in use.
