

Gubi 3D stool - wooden base, 2003

Designer: **Komplot Design**

Manufacturer: **Gubi**

£399

DESCRIPTION

Gubi 3D Stool by **Komplot Design** for **Gubi**.

HiRek stool by Komplot Design is formed so that all edges point away from the user. It offers both comfort and a sense of lightness.

The Gubi 3D Stool mixes traditional and cutting edge material with the use of a technic that allows the black semi-matt seat to be half as thick as usual.

Available in 2 heights.

DIMENSIONS

High - 43w x 43d x 88cmh, Seat 75cm

Low - 43w x 43d x 79cmh, Seat 65cm

MATERIALS

Black Semi-Matt Hirek seat. Hirek is a polyester made from recycled bottles.

Wooden base in solid oak, black stained beech or American walnut with chrome as a standard footrest.

Plastic glides included, felt glides available on request.
