Ex-display items have some signs of use and we recommend a detailed condition report prior to purchase.

This item is a one-off clearance item to be sold on a first-order, first-served basis.

Widely recognised for its adjustable shade that allows the light to be redirected with ease, Gubi has introduced a new member to the Multi-Lite family. Compact and free of cables, the portable version stays true to the form and function of the original design, with the addition of two upper diffusers have been incorporated to prevent glare and produce indirect soft light.

The outer ring and stem now function as intuitive handles, and the two small discs, formerly used for adjusting the table lamp's shade, have been reimagined as dimmer switches in the portable version.

Featuring three dimmer settings, the brightness can be adjusted to create the perfect ambience to match your mood.
