

MR01 Initial Outdoor Lounge Chair

Designer: **Mathias Steen Rasmussen**

Manufacturer: **Gubi**

~~Was £1,799~~ Now £1,529

DESCRIPTION

MR01 Initial Outdoor Lounge Chair by **Mathias Steen Rasmussen** for **Gubi**.

Initially conceived as a comfortable and versatile chair that could be used indoors, Gubi has expanded the MR01 range with a new outdoor variant. Crafted from FSC®-certified iroko, a naturally oil-rich, durable hardwood that patinates beautifully over time, the outdoor seat features the same low-slung wooden frame and a nautically inspired rope seat and backrest.

It is constructed with wedged mortise and tenon joints, creating a structurally transparent form that highlights the craftsmanship of its making. The signature linen rope has been replaced with custom-made high-performance polyester that is waterproof, UV-resistant, mould-resistant, and highly ergonomic.

The seat and backrest are hand-woven from 90 meters of rope, using a method the designer developed himself, which locks the rope into the frame.

DIMENSIONS

88d x 65w x 33/69cmh

MATERIALS

Solid oiled Iroko with rope in sunfire melange beige and sand.
