DESCRIPTION

Satellite Outdoor Floor Lamp by **Mathieu Matégot** for **Gubi**.

Gubi has launched its first outdoor lighting designs with the Satellite Outdoor Floor Lamp and Pendants. These lamps feature playful, sculptural forms and Matégot's characteristic fusion of the organic and the geometric.

The Satellite design, launched in 1953, features Matégot's signature material innovation and shading technique to create a diffused, ambient light. The pendant's organic form is derived from its technical construction, with a perforated and bent metal sheet forming the shade.
