DESCRIPTION

Howard wall lamp by **Space Copenhagen** for **Gubi**.

A grandiose piece for both public and private spaces, the Howard range's materiality, warmth and craftsmanship is a Scandinavian celebration of New York's industrial palette.

With reference to the SoHo location of the Howard Hotel, the wall light is great for creating shooting lifting conditions. Perfect for use as 'mood' lighting in the kitchen, hallway or living room, the wall light can be used singularly or in groups. Available in the gunmetal brass shade finish for an industrial and functional aesthetic.
