DESCRIPTION

Moon Coffee table by **Space Copenhagen** for **Gubi**.

Introducing the Moon Collection - a stylish and elegant series of organic rounded tables designed by Space Copenhagen. Perfect for both domestic and public spaces, these tables feature a beautiful solid oak table top paired with a smooth half or full moon-shaped base with a bevelled surface.

The collection includes round and oval coffee and dining tables, available in a matt oil finish or high gloss varnish. The matt oil finish is made from blockboard oak that is black-stained and oiled, while the high gloss varnish has a veneered table top. The coffee table is also available with a Grey Emperador marble tabletop. These tables exude a simple yet strong identity, with clear references to traditional Danish carpentry.

The collection ranges from small and low round lounge tables to large and generous dining tables and is Space Copenhagen's first table collection for GUBI. Experience the fascinating contrast of variations in surfaces and finishes with the Moon Collection.
