DESCRIPTION

Bonbon Lamp by **Ana Kraš** for **HAY**.

Ana Kraš developed her detailed line drawings into the geometric and highly textural Bonbon lamp collection. The shades are handwoven using an original technique, wool-nylon yarn strung around a powder-coated steel frame to produce a unique textured finish.

Working in collaboration with Hay, Kraš placed significant emphasis on retaining the authenticity of the woven technique she developed when producing the lamps by hand. Due to this production process, each shade varies in texture and appearance, making each one of a kind.

Both shades can function as a pendant or table/floor lamp, simply choose the required cord set from the dropdown. The cord set for the table/floor version comes with an in-line rocker switch.
