~~Was £529~~ Now £449

DESCRIPTION

Chisel Lounge Chair by **Andreas Bergsaker** for **HAY**.

Designed by Norwegian designer Andreas Bergsaker, the Chisel Lounge Chair embodies a fusion of contemporary flair and timeless elegance, reinterpreting the enduring charm of molded plywood seating. Inspired by the iconic woodworking instrument it's named after, the Chisel Lounge Chair emerged from a creative aspiration to fashion a robust wooden chair boasting a unique profile that would withstand the test of ages. Meticulously developed with a focus on impeccable artistry and ergonomic excellence, the chair's gentle, organic seat and backrest cradle the body in comfort while exuding a visually alluring appeal. Complementing this design are angled legs that pay homage to the chisel's distinctive features, showcasing their hallmark beveled edges.

The Chisel Lounge Chair offers an array of wood selections, colour choices, and optional front upholstery, enhancing its versatility. Its compact dimensions further make it an impeccable choice for an array of private and public environments, seamlessly fitting into living spaces, bedrooms, as well as communal areas like waiting rooms, lobbies, and libraries.

DIMENSIONS

63w x 66.5d x 39/68.5cmh
