

J42 Chair

Designer:**Børge Mogensen**

Manufacturer:**HAY**

£385

DESCRIPTION

J42 chair by **Børge Mogensen** for **HAY**.

The idea behind the original FDB range was simple. A furniture collection for the people, with chairs that were distinctly Danish in design, comfortably ergonomic, and widely affordable. Relunched by HAY, the FDB range stays true to its original ethos.

The Hay reproduction of Børge Mogensen's classic J42 chair utilises precise proportions, with simple horizontal and vertical lines used to construct a curved spindled backrest with angular armrests.

DIMENSIONS

J42 chair 57.5w x 53.5d x 87cmh

J42 cushion 43w x 40d x 2cmh

MATERIALS

Available in FSC certified beech or oak in a range of finishes.

Products made from FSC certified wood are sourced from sustainable forests with responsible management that reduces deforestation and ensures the forests' future preservation.

The low VOC (volatile organic compounds) content in the water-based variant emits significantly fewer pollutants, which makes it much more environmentally friendly, contributing to a healthier working environment and better indoor climate. Furthermore, water-based lacquer is often more durable than PU lacquer, so your wooden furniture can have a longer lifetime too.

Optional seat cushions are available in the following fabrics:

Fabric group 1: **Atlas 931, Mode 009, Remix 233**

Fabric group 2: **Bolgheri LGG60**

Leather group 1: **Sense Cognac**
