

J41 Chair

Designer: **Børge Mogensen**

Manufacturer: **HAY**

£299

DESCRIPTION

J41 Chair by **Børge Mogensen** for **HAY**.

The idea behind the original FDB range was simple. A furniture collection for the people, with chairs that were distinctly Danish in design, comfortably ergonomic, and widely affordable. Relunched by HAY, the FDB range stays true to its original ethos.

The Hay reproduction of Børge Mogensen's classic J41 chair has a slightly slanted backrest and widely-spaced spindles, with a broad plywood seat and frame in solid oak or beech. The uncluttered design is both hard-wearing and comfortable.

DIMENSIONS

J41 chair 46.5w x 48d x 82.5cmh

J41 cushion 41w x 37d x 2cmh

MATERIALS

Available in FSC certified beech or oak in a range of finishes.

Products made from FSC certified wood are sourced from sustainable forests with responsible management that reduces deforestation and ensures the forests' future preservation.

The low VOC (volatile organic compounds) content in the water-based variant emits significantly fewer pollutants, which makes it much more environmentally friendly, contributing to a healthier working environment and better indoor climate. Furthermore, water-based lacquer is often more durable than PU lacquer, so your wooden furniture can have a longer lifetime too.

Optional seat cushions are available in the following fabrics:

Fabric group 1: **Atlas 931, Mode 002, Remix 606, Surface 120, Tadao 200**

Fabric group 2: **Bolgheri LGG60 and Hallingdal 116**

Please see PDF Download section for fabric samples.
