

Rey Bar Stool

Designer: **Bruno Rey**

Manufacturer: **HAY**

£799

DESCRIPTION

Rey bar stool by **Bruno Rey** for **HAY**.

The Rey bar stool is the result of a collaboration between HAY and the renowned Swiss manufacturer Dietiker. Originally designed by Bruno Rey in 1971, the Rey collection of chairs, stools and tables is unified by its iconic silhouette.

The Rey barstool has an elegant silhouette which balances lightness, strength, and functionality. The minimal, yet unique design features tall, angled legs that balance the distinctively rounded edges. Designed with resilience and flexible properties, it features Dietiker's innovative screw-less wood-to-metal connection.

Available in original colours, as well as new tones and material combinations to accommodate contemporary lifestyle requirements, the Rey bar stool is effortlessly adaptable to public and private spaces.
