DESCRIPTION

Terrazzo Outdoor Table by **Daniel Enoksson** for **HAY**.

A simple and striking outdoor table with a terrazzo plinth base. The functional and minimal lines of the tabletop are counterpointed by a colourful terrazzo base which - in addition to its striking appearance - has excellent durability and frost-resistance.

"I first discovered terrazzo years ago as it's used as a surface material for almost all the subway platforms in Stockholm," says designer Daniel Enoksson. "To me, it's always been a pity it hasn't been used more as an application in the furniture industry since it's a fantastic material for outdoor use and also has a beautiful vivid aesthetic."
