

Traverse Bench

Designer: **Erwan Bouroullec**

Manufacturer: **HAY**

£439

DESCRIPTION

Traverse Bench by **Erwan Bouroullec** for **HAY**.

Erwan Bouroullec designed the Traverse Bench in 2025 as part of a broader furniture collection created to effortlessly blend into any outdoor environment. The collection is defined by its durable die-cast aluminium frames and slatted surfaces made from heat-treated ash, chosen for its strength and the distinctive patina it develops over time.

Ideal for both contract and residential settings, the bench can be used on its own or paired with other pieces from the collection, such as the rectangular Traverse Dining Table.

All pieces in the collection are flat-packed for customer assembly, helping to reduce the carbon footprint.

DIMENSIONS

114w x 37.5d x 37.5cmh

MATERIALS

The frame is made from shot-blasted diecast 60% recycled aluminium with outdoor lacquer.

Slats made from heat treated solid ash with outdoor wood wax oil. The colour of the slats will develop a silvery-grey patina over time.

100% recycled black gliders.

The optional cushion is made from 100% polyester silicone fibre balls with upholstery in a solution dyed Olegin with water repellent finish. The backing is made from black anti-slip 100% recycled PET with bio based natural rubber coating.

Please note: that this product arrives flat-packed and requires assembly. If you would like it to be assembled for you, please contact us here for an installation quote.
