

## Traverse Stool

Designer: **Erwan Bouroullec**

Manufacturer: **HAY**

£289

### DESCRIPTION

**Traverse Stool** by **Erwan Bouroullec** for **HAY**.

French designer Erwan Bouroullec created the Traverse collection as a versatile family to effortlessly complement any outdoor environment. Ideal for both commercial and residential spaces, it features an ergonomic design, a robust aluminium frame, and wooden slats.

Crafted from FSC-certified and heat-treated ash, the wood will develop a unique patina over time, contributing to the individual character of each piece.

The stool can be used on its own as an additional seat, or as a small side table to compliment the seats of the collection.

All pieces in the collection are flat-packed for customer assembly, helping to reduce the carbon footprint.

### DIMENSIONS

47.5w x 37.5d x 46cmh

## MATERIALS

The frame is made from shot-blasted diecast 60% recycled aluminium with outdoor lacquer.

Slats made from heat treated solid ash with outdoor wood wax oil. The colour of the slats will develop a silvery-grey patina over time.

100% recycled black gliders.

The optional cushion is made from 100% polyester silicone fibre balls with upholstery in a solution dyed Olegin with water repellent finish. The backing is made from black anti-slip 100% recycled PET with bio based natural rubber coating.

**Please note:** that this product arrives flat-packed and requires assembly. If you would like it to be assembled for you, please contact us here for an installation quote.
