DESCRIPTION

Dorso Lounge Chair Metal Base by **GamFratesi** for **HAY**.

The contemporary Dorso chair from the Italian-Danish design duo GamFratesi is a sculptural lounge chair, suitable for many contexts. Dorso has an elegant shape and a comfortable seat, as well as a function not often found in a four-legged lounge chair: 360 degrees of rotation.

The design is inspired by the shifting curves of a human body. GamFratesi innovated a rotating base, creating a relaxing seat. The Dorso integrates the armrest into its rounded backrests, and thanks to its compact design it will fit into limited space.

Upholstered in fabrics and leathers of the collection. View the links in the 'Materials' section to see which fabric collections sit within the HAY fabric price categories. The Dorso is also available with a wood base, please see 'Product range' below.
