

Nelson Ball Crisscross Bubble Pendant

Designer: **George Nelson**

Manufacturer: **HAY**

~~Was~~ Now £589

DESCRIPTION

Nelson Ball Bubble Pendant by **George Nelson** for **HAY**.

The iconic mid-century Bubble Light was designed by George Nelson in 1947 and was first put into production in 1952. The fully rounded sphere delicately floats overhead, providing a soft, diffused light.

Crafted with meticulous attention to detail, the Crisscross Bubble Light boasts an intersecting skeletal frame that adds a captivating contour to the pendant. Its shade emits a soft and diffused light, creating a soothing ambience in any space.

Inspired by a set of silk-covered Swedish pendant lamps that he felt were too expensive, Nelson created his own modest orb lighting series. Rather than silk, he used a self-webbing plastic developed by the military to form the translucent shell over a lightweight, rounded-steel frame.

The renowned pendant forms part of the permanent collection at the Museum of Modern Art, New York.

Available in two sizes.

The Bubble Pendant collection comprises a series of organic shapes and sizes. See 'More products in this range' below.

Manufactured by Herman Miller and distributed in the UK by HAY.

DIMENSIONS

Small: 32.5 dia x 30.5 cmh

Medium: 48.5 dia x 39.5 cmh

MATERIALS

The Ball Bubble pendant is made of off-white webbing polymer with a ceiling plate in brushed nickel. Each lamp is provided with a white 183cm PVC isolation cable. Please note hard wiring is required.

Recommended light source (not included): Small, LED E27 (A15) 5-8W, 500-800lm, 2700-3000K. Medium, LED E27(A19) 10-13W, 1000-1500lm, 2700K.
