

Soft Edge 60 Chair, 2017

Designer: **Iskos-Berlin**

Manufacturer: **HAY**

£359

DESCRIPTION

Soft Edge 60 stackable chair by **Iskos-Berlin** for **HAY**.

Designed by Iskos-Berlin, the Soft Edge 60 chair is part of the Soft Edge series which uses innovative design in moulded plywood techniques. The comfortable soft-formed back and seat are free from sharp edges.

Highly versatile to most environments, these light and stackable chairs are ideal for public and private settings - such as cafés and dining areas.

Water-based lacquered oak seat, back and frame with a standard glider.

Also available upholstered in **Soft Edge 60 upholstered chair**. View the Soft Edge family in the 'Product range' below.

DIMENSIONS

50w x 52.5d x 47.5/79cmh

MATERIALS

Seat and backrest are made of moulded oak veneer with solid oak legs. Stackable up to 6 pieces.

Products made from FSC certified wood are sourced from sustainable forests with responsible management that reduces deforestation and ensures the forests' future preservation.

The Soft Edge 60 wood dining chair is available in a range of water-based finishes: Black stained, soft grey stained, dusty green stained, fall red-stained, hunter stained, soft black stained, water-based lacquered or water-based smoked seat with an oak frame.

The low VOC (volatile organic compounds) content in the water-based variant emits significantly fewer pollutants, which makes it much more environmentally friendly, contributing to a healthier working environment and better indoor climate. Furthermore, water-based lacquer is often more durable than PU lacquer, so your wooden furniture can have a longer lifetime too.

Please view the Soft Edge 12 specifications pdf for finish details.

Available with standard or soft felt glider at a surcharge.
