

Soft Edge 60 Chair

Designer: **Iskos-Berlin**

Manufacturer: **HAY**

£258.33

DESCRIPTION

Soft Edge 60 Stackable Chair by **Iskos-Berlin** for **HAY**.

Designed by Iskos-Berlin in 2017, the Soft Edge 60 chair is part of the Soft Edge series which uses innovative design in moulded plywood techniques. The comfortable soft-formed back and seat are free from sharp edges.

Highly versatile to most environments, these light and stackable chairs are ideal for public and private settings - such as cafés and dining areas.

Also available upholstered in **Soft Edge 60 upholstered chair**. View the Soft Edge family in the 'Product range' below.

DIMENSIONS

50w x 52.5d x 47.5/79cmh

MATERIALS

Seat and backrest are made of moulded oak veneer with solid oak legs. Stackable up to 6 pieces, or 12 on a trolley.

Products made from FSC certified wood are sourced from sustainable forests with responsible management that reduces deforestation and ensures the forests' future preservation.

Available in a range of water-based finishes: Black, soft grey, dusty green, fall red, hunter, soft black, water-based lacquered or water-based smoked seat with an oak base.

The low VOC (volatile organic compounds) content in the water-based variant emits significantly fewer pollutants, which makes it much more environmentally friendly, contributing to a healthier working environment and better indoor climate. Furthermore, water-based lacquer is often more durable than PU lacquer, so your wooden furniture can have a longer lifetime too.
