

## Arcs Trolley

Designer: **Muller Van Severen**

Manufacturer: **HAY**

£265

## DESCRIPTION

**Arcs Trolley** by **Muller Van Severn** for **HAY**

Designed by the talented Belgian duo, Muller Van Severen, the Arcs Trolley represents a harmonious blend of functionality and aesthetics, ensconced within an interconnected series of vertical arcs. This compact piece of furniture possesses a commanding presence, seamlessly fusing industrial craftsmanship with lyrical design elements to yield a truly distinctive and sculptural masterpiece. The graceful, scalloped framework provides sturdy support for two or three tiers, complete with slender legs equipped with castors for effortless mobility.

Constructed from powder-coated steel and offered in a variety of colour choices, this versatile trolley finds its place in a multitude of home settings. Whether serving as a captivating display and storage solution in the living room, lending an extra layer of shelving in the kitchen, or even doubling as a stylish bedside cabinet, the Arcs Trolley effortlessly adapts to its surroundings.

## DIMENSIONS
